

**CAN YOU GO  
24 HOURS  
WITHOUT  
SPEAKING?**

**I BET YOU CAN.**

If so, you could raise money to help children who can't speak. Kids with speech disorders need speech therapy to communicate, but many children can't afford it.

**That's where YOU come in.**

Sign up today (and promise not to speak for a 24-hour time period from November 13-15, 2020)!

If you're under 18, be sure to ask your parents!

**DON'T SPEAK SO  
OTHERS CAN!**
